## Greetings from the Principal:

Welcome to Sonarpur Mahavidyalaya—a vibrant institution committed to academic excellence and the all-round development of students. Since its establishment in 1985, the college has been nurturing young minds, especially from grassroots backgrounds, by providing quality education and opportunities for personal and professional growth. We warmly invite students and parents from the local community to explore the wide range of higher education opportunities we offer in Arts, Science, and Commerce, and to choose the path that best aligns with their dreams and aspirations.

### OUR VISION:

- To emerge as a centre of excellence in higher education and research.
- To empower students with knowledge, skills, and confidence for lifelong success.
- To contribute meaningfully to society through education, innovation, and community service.

### CORE VALUES:

Inclusivity, integrity, academic excellence, curiosity, respect, sustainability, social responsibility, and community engagement.

### OUR MISSION:

- To provide updated, relevant, and multidisciplinary knowledge that meets global academic standards.
- To develop vocational, technical, and career-oriented skills for better employability.
- To create a learner-centric environment that nurtures creativity, critical thinking, and innovation.
- To promote holistic development through academic, cultural, and extracurricular activities.
- To support first-generation learners and students from diverse social and economic backgrounds.
- To encourage ethical values, leadership qualities, and social responsibility among students.
